The Brotherhood of Purity Thomas DiCarlo, Connie Atkinson

The Brotherhood of Purity is a quintessential thriller and winner of two finalist awards: the 2014 International Book Award in the literary novel category, and the 2014 Next Gen Indie Book Award for first novel. The compelling adventure, with its heart-pounding climax, is set on the world stage of global intrigue. The story follows the transformative journey of an American investigative journalist as he races against the clock to stop the most relentless terror machine the world has ever produced. He has only days to unravel the Brotherhood of Purity's secrets and crack the code that could save thousands of lives and, possibly, change his own fate and that of the terrorist he is desperate to stop. Like great literary fiction, this is a classic tale of the human struggle between good and evil and the choices we make to bring us either to ruin or redemption. It looks at terror from all sides, even daring to enter the mind of a terrorist, as it explores universal moral and spiritual questions including how the mystical forces of the universe, sometimes through an extravagant gesture of love, may intervene in our human odyssey. It is inspired by the authors personal experiences during the 9/11 attack in New York.
