"Up From Slavery" is the classic autobiography of one of the most controversial figures in American history, Booker T. Washington. Washington's message is one of the advancement of African Americans through economic empowerment for as he put it, "the individual who can do something that the world wants done will, in the end, make his way regardless of his race." His message of self-empowerment has been a dramatic force in the fight for racial equality and shall forever be remembered in the annals of American history.
