Battlestar Galactica is back! The brand new, 're-imagined' version of the cult 1980s series has quickly become the most critically acclaimed SF show on TV, with massive viewing figures to match. With its classy ensemble cast, including Edward James Olmos (Miami Vice) and Mary McDonnell (Dances with Wolves, Independence Day), its cutting edge special effects, superb production design and gritty, adult-oriented scripts, the new Battlestar Galactica is being hailed as both a worthy successor to a classic original, and a stunning piece of television in its own right. Titan Books have been on set from the beginning, and now proudly present the official companion, packed with exclusive interviews, photos, behind the scenes secrets, and a complete episode guide to the mini-series and first season.
