Historical Dictionary of Socialism (Historical Dictionaries of Religions, Philosophies, and Movements Series)

Peter Lamb

Historical Dictionary of Socialism (Historical Dictionaries of Religions, Philosophies, and Movements Series) Peter Lamb

Primarily concerned with the historical roots and contemporary condition of socialism, the second edition of the *Historical Dictionary of Socialism* offers information on writers, activists, ideas, political parties, institutions, and movements that sought—and in many cases are still seeking—to change the social and political order. It reflects the diversity in the broad movement of the left, the many variants of which include reformist social democracy, revolutionary Marxism, the New Left, and contemporary anti-capitalism.

Taking up where the first edition left off, this thoroughly revised dictionary shows how socialism has been reacting, reforming and also expanding. This is done through a chronology, a list of acronyms and abbreviations, an introductory essay, a bibliography, and a cross-referenced dictionary section with 114 new entries, some on the current leadership, others on the many new parties of Central and Eastern Europe and the Third World, and yet others on the reaction to globalization. This book will provide a mine of information for teachers and students of political ideologies, comparative politics, political sociology, labor history, and political theory.
