Intuition is a birthright, but many have lost touch with it. If embraced and followed, intuition can be an accurate force that permeates all facets of life. Shakti teaches readers how to tap into their inner knowledge and use it to enhance their lives and attain their goals.

Chapters explore the role of intuition in health, creativity, work, and prosperity. Exercises based on Shakti's workshops and seminars help readers listen to their inner guide but also evaluate the worthiness of such knowledge in the context of the real world. Stories from her clients and her own life illustrate the practical advice she gives.
