El episcopado y la Independencia en México (1810-1836) (Spanish Edition) Fernando Pérez Memen

Esta segunda edición se inscribe en el marco del Bicentenario del inicio de la Independencia de México y el Centenario del comienzo de la Revolución Mexicana. Precisamente una de las principales consecuencias de ésta fue la creación de un estado laico. Se analiza y explica los orígenes y las primeras etapas de la lucha entre el poder eclesiástico y el poder civil, por la política de éste de limitar primero, y anular después, los fueros e inmunidades del clero, dominar la Iglesia y hacerla un útil instrumento al servicio del Estado, y más tarde la separación de ella, y finalmente, reducirla a la esfera espiritual.
