Latin American Classical Composers: A Biographical Dictionary

Now in its third edition, *Latin American Classical Composers: A Biographical Dictionary* provides a singular English-language resource for biographical information on hundreds of composers from Central and South America and the Hispanic Caribbean. Painstakingly gathered from a wide variety of sources, the information updates and expands previous editions and fills in the gaps left by the other major English-language music dictionaries and encyclopedias.

Entries provide biographical data comprising full names, birth and death dates and locations, background, education, and training, as well as selective works lists more than 2,300 composers. An index of composers by country and women composers of Latin America complement the volume. An essential part of any music library, *Latin American Classical Composers* is an invaluable reference for librarians, musicologists, ethnomusicologists, researchers, and music students.
