Parallel Coordinates

Alfred Inselberg

Parallel Coordinates Alfred Inselberg

This book is about visualization, systematically incorporating the fantastic human pattern recognition into the problem-solving process, and focusing on parallel coordinates. The barrier, imposed by our three-dimensional habitation and perceptual experience, has been breached by this innovative and versatile methodology. The accurate visualization of multidimensional problems and multivariate data unlocks insights into the role of dimensionality. Key features of Parallel Coordinates: (1) An easy-to-read self-contained chapter on data mining and information visualization is included. (2) Numerous exercises with solutions, from basic to advanced topics, course projects and research directions. (3) “Fast Track” markers throughout provide a quick grasp of essential material. (4) Extensive bibliography, index, and a chapter containing a collection of recent results (i.e. visualizing large networks, complex-valued functions and more). Parallel Coordinates requires only an elementary knowledge of linear algebra. It is well-suited for self-study and as a textbook (or companion) for courses on information visualization, data mining, mathematics, statistics, computer science, engineering, finance, management, manufacturing, in scientific disciplines and even the arts.

This kind of book can be one of a step for you to get success. This publication offer you information that maybe your friend doesn't realize, by knowing more than additional make you to be great folks. So , why hesitate? Let's have Parallel Coordinates.

Helen Johnson:

As a university student exactly feel bored to help reading. If their teacher expected them to go to the library or even make summary for some guide, they are complained. Just small students that has reading's soul or real their hobby. They just do what the instructor want, like asked to go to the library. They go to there but nothing reading seriously. Any students feel that examining is not important, boring as well as can't see colorful images on there. Yeah, it is being complicated. Book is very important for yourself. As we know that on this period of time, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. So , this Parallel Coordinates can make you really feel more interested to read.
