The World of Saint Paul

Joseph Callewaert

The World of Saint Paul Joseph Callewaert

Joseph Callewaert's engaging work on St. Paul reads like a novel. With inviting, even dramatic, prose, it recounts the story of the great Apostle to the Nations. This is no dry tome or ponderous biography. Nor is its subject a "safe" historical figure, irrelevant to the issues of today: St. Paul remains controversial.

Some scholars claim he "invented" Christianity. They believe his message radically departed from what Jesus taught. The Christian faith, so the claim runs, is the creation of Paul's religious experience, not the doctrine of Jesus. Callewaert rejects this theory, as do many other scholars. His interpretation rests on the Bible and the abiding tradition of the ages, rather than tendentious theories or ideologically-motivated revisions.

Yet Callewaert's work is no anti-scholarly screed. *The World of Saint Paul* provides a popular, yet expert account of the Apostle and his age. For those who know little about St. Paul-which includes many Christians-it is a superb introduction.
