Donald Richie

Tokyo: A View of the City (Topographics) Donald Richie

Donald Richie takes the reader on a revealing tour of the different districts of Japan's capital city. Starting from the original centre of Tokyo – the Imperial Palace – Richie branches outwards, taking in other areas such as Yoshiwara, the original red-light district, and Ginza, the world-famous shipping street. The author has kept a diary for the entire time he has lived in Tokyo, and excerpts from it provide on-the-spot insights into the significance of fashions and fads in Japanese culture (for example the recent Tamagochi craze), as well as the various aspects of life in a small neighbourhood. Richie gives a real sense of how Japanese society has changed since the Second World War, yet remained rooted in its past. With the eclectic eye and ear of a film-maker, Richie describes the flavour and idiosyncracies of this chaotic, teeming city. Tokyo is illustrated with 30 illuminating photographs by Seattle-based photographer, Joel Sackett.
