Who Wrote the Bible Code?: A Physicist Probes the Current Controversy Randall Ingermanson

What is the truth about the Bible code? How can you decide what to believe? Why does it matter?

Around the world, men and women are captivated by a theory so incredible that, if proven true, it would forever revolutionize mankind's view of Scripture. Some experts have claimed the Bible contains a code that accurately predicts today's events. Others renounce the Bible code theory as unfounded.

Using a new statistical test that promises to provide an authoritative, credible answer to the Bible code debate, computational physicist Dr. Randall Ingermanson leads you on an easily understandable, meticulously planned investigation of the evidence at hand—addressing the most urgent questions surrounding the Bible code controversy and carefully examining how recent findings could affect your faith.

From the Trade Paperback edition.
