Hot Sky at Midnight

Robert Silverberg

Hot Sky at Midnight Robert Silverberg

Several decades into the future, the long series of corporate and government decisions that favored short-term profit over long-term solutions to ecological problems and pollution has left the Earth in a state of disaster, almost uninhabitable. The icecaps have melted and many coastal communities have been flooded out. The ozone layer is destroyed. There are some areas that are livable with breathing masks and injections that protect the skin from the now-deadly rays of the sun but the refuge, for all who can afford it, has become the near-space orbital colonies built and run by private companies and open only to those who are willing and able to pay.

Valparaiso Nuevo is one of these colonies. Run by a shadowy dictator known only as the Generalissimo, it is a haven and a center of action for hustlers, conspirators and people looking for an edge. Victor Farkas, operative of the megacorporation Kyocera-Merck Ltd., is blind but gifted with hypersensitive "blindsight." He comes to the habitat in search of a renegade geneticist of legendary skill. Back on Earth, Nick Rhodes, head of Samurai Industries, which is attempting to breed humans that can thrive in the horrendous conditions expected to prevail on Earth struggles with his conscience as he manipulates genetic structures and lives. Paul Carpenter works for a Japanese mega-corporation, seeking promotion and survival, but loses his job as a ship captain after a mutiny. Rhodes introduces him to an acquaintance of his girlfriend Isabelle. Jolanda is a talented sculptor, a passionate lover and a secret plotter. She embroils Carpenter in a scheme to take over Valparaiso Nuevo along with Enron, an Israeli spy, Farkas, and Rhodes. Their goals are individually motivated but the deadly combination of ambition, distrust, greed, stupidity, and lust leads to a dramatic conclusion that replicates in miniature the history of man's destruction of his own living space on the planet. A bleak picture of future Earth and a complex plot peopled with dark, rich characters, comes together as one of Silverberg's finer novels.

From reader reviews:

Terry Sugg:

Do you have favorite book? For those who have, what is your favorite's book? Book is very important thing for us to be aware of everything in the world. Each publication has different aim as well as goal; it means that guide has different type. Some people sense enjoy to spend their the perfect time to read a book. They are really reading whatever they have because their hobby is definitely reading a book. Consider the person who don't like studying a book? Sometime, individual feel need book when they found difficult problem as well as exercise. Well, probably you will want this Hot Sky at Midnight.

Beth Stewart:

What do you regarding book? It is not important to you? Or just adding material when you want something to explain what the one you have problem? How about your extra time? Or are you busy individual? If you don't have spare time to complete others business, it is make you feel bored faster. And you have spare time? What did you do? Everybody has many questions above. They should answer that question because just their can do in which. It said that about guide. Book is familiar in each person. Yes, it is correct. Because start from on guardería until university need that Hot Sky at Midnight to read.

Archie Beard:

Here thing why this Hot Sky at Midnight are different and reliable to be yours. First of all reading through a book is good but it really depends in the content from it which is the content is as yummy as food or not. Hot Sky at Midnight giving you information deeper as different ways, you can find any publication out there but there is no guide that similar with Hot Sky at Midnight. It gives you thrill looking at journey, its open up your current eyes about the thing which happened in the world which is perhaps can be happened around you. You can bring everywhere like in park, café, or even in your means home by train. When you are having difficulties in bringing the paper book maybe the form of Hot Sky at Midnight in e-book can be your alternative.

Cora Conte:

The actual book Hot Sky at Midnight has a lot of information on it. So when you read this book you can get a lot of help. The book was published by the very famous author. Mcdougal makes some research prior to write this book. This kind of book very easy to read you can get the point easily after looking over this book.
