Photoshop Elements 9 in Easy Steps: For Mac and PC

The latest version of the top-selling image-editing software has an impressively enhanced range of tools and functions to edit, display, and share images. This book covers all of the essential techniques and also looks at some of the new features in Elements 9, such as creating photo effects and styles and removing unwanted items from photos. Also covered are animated slideshows, dynamic online galleries, photo emails, and flip-books. Organizing images can be a chore, but this book shows how Elements 9 simplifies the process through the use of tags, collections, people recognition, and an Auto-Analyzer that automatically tags the best photos.
