Concrete vol. 2: Heights

Paul Chadwick

Concrete vol. 2: Heights Paul Chadwick

Big as a boulder and strong as an ox, he's Concrete, seven-feet of stony celebrity. That he's a government-created cyborg is the cover story, but in truth he's the mind of one Ronald Lithgow trapped inside a rocky shell of alien origin. Possessing powers allowing him to scale the highest mountain unaided or peel back the roof of a car like a pull tab, he is yet denied the simple human pleasures of fragile flesh. The return of Paul Chadwick's award-winning Concrete has ushered in a resurgence of interest in the acclaimed series that Harlan Ellison called "...probably the best comic being published today by anyone, anywhere." This value-priced volume collects Concrete issues #6-10; Concrete Color Special, the short stories: "World Beneath the Skin" and "Brighter," and a gallery of hard-to-find Concrete illustrations.
