## **The Christ Impulse: And the Development of Ego-Consciousness (The Collected Works of Rudolf Steiner)** Rudolf Steiner

Rudolf Steiner's teachings of Christ--and in particular what he calls the "Christ impulse"--are unique. Christ, he says, is an objective universal force that exists independently of Christian churches and creeds, working for all humanity. The impulse that Christ brought to Earth acts to advance all people, irrespective of religion, creed, or race. Speaking in Berlin while still a representative of the largely Eastern-oriented Theosophical Society, Steiner presents multifaceted perspectives on the Christ impulse based on his independent spiritual research?from the vast cycles of time that preceded Christ's incarnation and the preparation for his coming to the actual physical embodiment of Christ about two thousand years ago in Palestine as Jesus of Nazareth. Steiner also describes how Christ will influence the future development of the Earth and humanity.
