Arthurian Legends: An Illustrated Anthology Richard Barber

For more than eight centuries, poets and writers have been telling stories about King Arthur. From lost legends and scraps of history, from facts and folklore, has been fashioned one of the greatest epics in all literature, full of the world's splendours, heroic loves and spiritual quests. This anthology is a celebration of the magical and mysterious world founded on the figure of an obscure Welsh princeling, of Arthur's exploits in literature, of his far-famed knights and their ladies, of all the high trappings of romance. Here for the first time is a single volume which gives the reader an idea of the power and range of Arthurian literature from its beginnings to the present day. All the great Arthurian writers are represented, from France, Germany and England, and the text is complemented by a superb selection of full colour illustrations.
