Case Studies in Post Construction Liability and Insurance (Cib Programme S)

This comparative international review of law and practice liability describes the framework in which lawyers, insurers, contractors and clients dealing with liability operate. The act of building involves risk and, in the case of damages occurring after construction, it is often hard to identify responsibility.

This will be an essential reference for construction lawyers, insurers and other senior practitioners and managers in industry, based on research and analysis by CIB (Conseil International du Batiment) as part of the CIB series programme.
