Martín Rivas (Spanish Edition) Alberto Blest Gana

A la fecha de publicación de esta edición, *Martín Rivas* es una de las novelas chilenas costumbristas con mayor cantidad de ediciones. Sin embargo, esta edición constituye la primera edición chilena en formato digital, de la obra reconocida como la más leída y popular de las publicadas en Chile y realizada en base a la edición originalmente publicada en dos tomos en el año 1862.

También catalogada como una novela histórica, *Martín Rivas* se inicia “a principios del mes de julio de 1850”, cuando un joven provinciano llega a estudiar leyes a Santiago, y como carece de los medios necesarios de auto-subsistencia, por lo que mediante una carta de su padre recientemente fallecido, logra ser aceptado en la casa de la aristocrática familia Encina. Allí conoce a la hija de los Encina, Leonor, bella e impetuosa joven, predilecta del padre y destacada en el contexto de la aristocracia santiaguina.

Desde el comienzo del relato, la novela destaca el contraste entre los Encina y el joven provinciano, nacido en una modesta familia. El aspecto más conflictivo de esta diferencia social gravita en que Martín, que tempranamente es atraído por Leonor, comprende que debe reservarse sus sentimientos, cuya realización le parece imposible.

Esta novela refleja un estudio social enmarcado en la situación sociopolítica de Chile y un estudio del corazón, que si bien está en el contexto del año 1851, perfectamente puede ser un reflejo del Chile del siglo XXI.
