Private International Law and Public Law (Private International Law series, #2) Horatia Muir Watt

The conspicuous absence of private international law from the current global governance debate may be traced in part to its traditional 'public law taboo', fed by liberal understandings of statehood and its characteristic public/private divide, in the context of the modern schism between the public and private branches of international law. Alongside an original introduction, the materials assembled in this important collection are of immediate interest to both public and private international lawyers, and more broadly to all those interested in new forms of global governance and the theory of law beyond the state.

45 articles, dating from 1927 to 2014
